

# Flying Man – Rob Ives

 [robives.com/project/fman/](http://robives.com/project/fman/)

£2.50

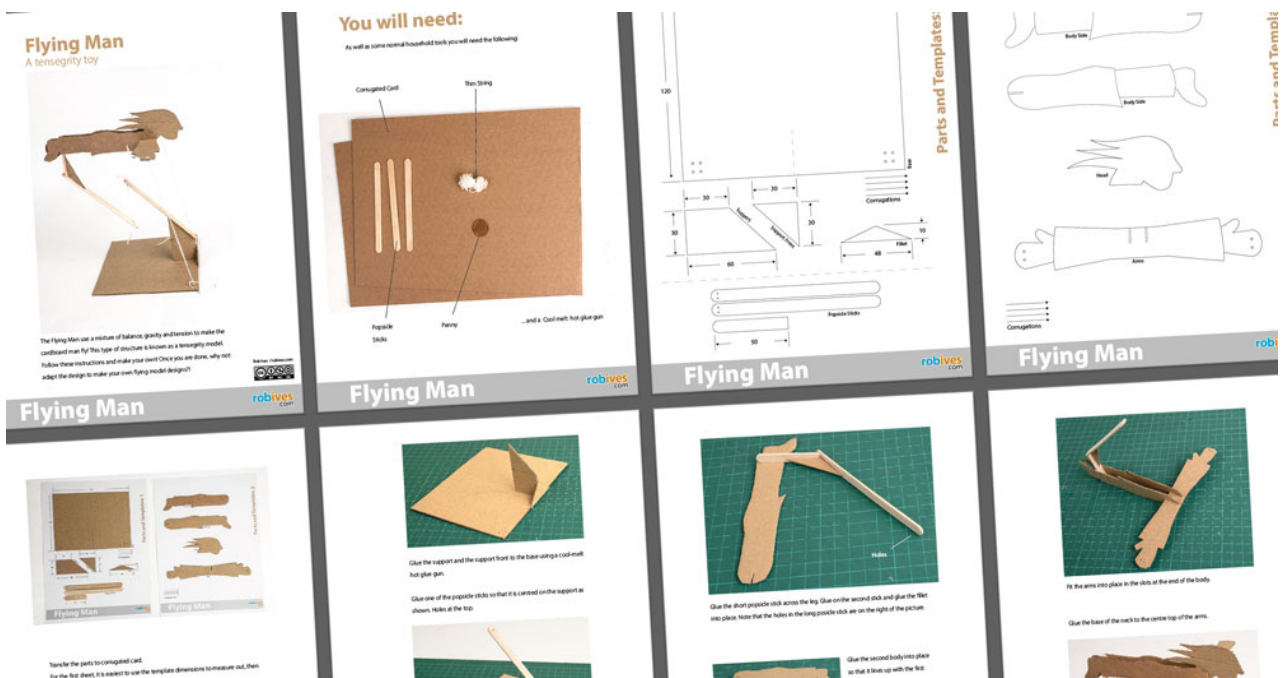

## Flying Man

Tensegrity is the art of using gravity, balance and tension to make impossible looking objects. Download the file for the Flying Man and make your own Tensegrity Flying Man model!

The file includes, templates and step by step instructions. Members can of course download it for free, thanks for your support! Non-members can join in the fun for £2.50 or equivalent.
